

Indian Curry

is to the people of the East, What Catsup or Worcester-shire Sauce is to those of the West.

Anyone who has traveled in Japan, China or the East Indies knows that there is no more palatable dish prepared than curry and rice, or the many other ways in which it is brought into use by residents of those countries.

The demand is so great that inferior preparations are placed on the market and sold to the uninitiated as the real article.

"While the palate is still hot with a curry, an un-flavored dish seems insipid."

No one has ever disputed the fact that the people of the East know how to, and do, live on the best the land affords.

In the lower Fort street window of our store is a display of the

Genuine Indian Curry Powder

that is prepared by us strictly according to the original receipt, and when the Pacific Club, Hotel and commissary department use it and no other, we have no hesitancy in selling it and recommending it to the public as the STRICTLY PURE Curry Powder. A trial is all that is required.

CABLE MATTERS.

Colonel Spalding Has an Informal Talk With the Cabinet.

Col. Z. S. Spalding was a caller at the Executive building this morning. He met President Dole, Minister Damon and Attorney General Smith. Cable matters were informally discussed and it is quite likely that Col. Spalding will appear before the Cabinet officially at a meeting to be held this week.

There is every probability, from what can be learned, that a request will be made by Col. Spalding for a continuance of his contract, which expires within the next ten days. That gentleman, in an interview last week, stated that the matter rested entirely with the Government, whether his franchise should expire or not. "If they are satisfied with my efforts I can see reason why the contract should not be allowed to run. If not, why then it should be abrogated."

These were his remarks on the matter. Minister Damon stated this morning that Col. Spalding had not yet discussed cable matters formally before the Cabinet.

Attorney General Smith gave it out later that no application from Col. Spalding for a renewal had been received by the Government. "So far the cable proposition has been talked over by Col. Spalding and individual members of the Cabinet," remarked the Attorney General. "I presume the matter will be considered in Cabinet meeting very shortly."

Col. Spalding had intended to leave for Kauai last evening but he will probably remain in Honolulu until the cable project has been brought before the Cabinet.

IMPROVING THE MUSEUM.

A Grass House and a Model of Kilauea to Be Features.

An addition is to be built onto the Bishop Museum which will greatly add to the excellence of that institution. A stone building, 64x105 feet, two stories high with two galleries, which is larger than the present building, is to be constructed. Architects Ripley & Dickey have the plans well in hand. It is the plan of the museum management, to place all Polynesian exhibits in the present building, while the new part will be taken up entirely with Hawaiian curiosities. Another feature in the new building will be a grass house and a miniature facsimile of the volcano. This improvement is quite extensive and will require the expenditure of a considerable sum of money.

A GAY DINNER.

Mr. and Mrs. H. Kenjes gave a dinner last evening to twenty-four guests, complimentary to Mr. and Mrs. F. A. Schaefer and Mr. and Mrs. E. Suhr, who are about to depart for Germany on a vacation.

DRILL TOMORROW.

The Second Battalion of the National Guard will drill tomorrow evening. The First Battalion, in command of Major McLeod, will turn out one week from tomorrow. The Government band will attend both drills.

A RECONCILIATION.

A reconciliation of man and wife was an incident in the Police Court this morning, when Louisa Brown, arrested for deserting her husband, agreed to forget the past and return to her husband's home.

CARRIED OFF THE FLAG.

Someone without the love of man or fear of smallpox has carried away the yellow flag, which has floated from the Castle residence in Waikiki since the Government officials were quarantined. Where was the guard?

A LEGAL PETITION.

John D. and James R. Molt this morning filed a lengthy answer to the petition recently filed asking for the appointment of a guardian over them, on the ground that they are spendthrifts. A petition for a temporary guardian was heard last week and dismissed.

Mrs. A. Inveen, residing at 720 Henry Street, Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. should get some social amusement out of the thing for the work they did.

Private George L. Edwards, a school teacher, and Capt. Smith, became involved in a discussion before the meeting over the question of Government employees being compelled to go into the militia service. Mr. Edwards suggested that the militia might as well be changed from volunteers to compulsory service, if the Government intended compelling its employees to join the Guard. Maj. McLeod interposed here to say that it was the militia that had made the Government possible, thus affording a livelihood to the young men occupying Government positions. He believed that the least thing that these people could do to show their good faith was by joining the National Guard.

From military men who have visited the President within the past week or so it is learned that he is taking the liveliest interest in the militia. The President says that he will allow no discharges if he can help it and is desirous of seeing this important organization of the Government obtain the highest standard in membership and efficiency. He says that the Government will henceforth foster its growth.

A LITERARY CURIOSITY.

The Kona Echo, a little sheet published in English and Japanese, has now reached its seventh number. It is quite a literary curiosity, being written and lithographed by its editor, Mr. H. S. Hayashi. It contains foreign news, island news, local items, editorial and a choice selection of Japanese poetry. This office devil has at once appropriated for his scrap book.
